Narrative

On March 29, 2021 I (Officer Colvin #4892) and FTO Blackmon #4242 was working uniformed patrol for the city of Melbourne Police Department answering calls for service as radio call sign Alpha-55. I was dispatched to 404 S HARBOR CITY BL (Frog Bones Family Shooting Center), Melbourne, Brevard County, Florida in reference to a gunshot victim. Upon arrival, I made entry into the pistol shooting bay where I located a white male (identified by his FL driver's license as Sawvel, Jason Reynolds DOB 11-30-1974, laying on the ground with a gunshot to the head. BCFR and Melbourne Fire were rendering aid with the range master from Frog Bones. BCFR pronounced deceased at 1659. I made contact with Jason Bergeron DOB 3-11-1992 identified by his FL DL who is an employee at at Frog Bones. Jason advised me that he was not in the bay when the shooting happened, and he was working at the front desk. Jason advised me that someone told him there was a man down in the pistol bay. Jason advised when he entered the bay he saw a white male laying on the ground bleeding from the head. Jason advised when he made entry the firearm was already safe by another employee of Frog Bones. I made contact with the range safety officer Frederick Von Mach (identified by his FL DL). Who was holding pressure to the victims wound. Frederick advised me that he was not in the shooting bay when the incident happened. Fredrick advised me that he was in the rifle bay helping a customer when he heard that someone was down in the pistol bay. Fredrick advised me that he ran to the pistol bay and saw a white male laying on the ground bleeding from the head. Fredrick advised me that he went to the male and held pressure until fire rescue was on scene. Fredrick advised that he was yelling at people to call 911 and for someone to clear the weapon. Statements were collected from witnesses and the involved employees from Frog Bones. See supplement reports for further. Detective Mckinney responded to the scene and assumed the investigation. This concludes my involvement in this case.

Narrative

On 03/29/2021, I Officer Poppell #4739, responded to Frog Bones, located at 404 S Harbor City Blvd, in reference to a gunshot victim. Upon arrival, I made contact with a male, later identified as Jason Sawvel, on the floor of the shooting range. Three bystanders were holding jackets and on Jason's head to stop the bleeding. I observed an entry wound on the right side of Jason's head and an exit wound on the left side. At the time, Jason had a pulse and was agonal breathing. Jason was turned to his side so the blood could be drained from his mouth. Ultimately, Jason was pronounced dead by paramedics. FTO Blackmon and Ofc. Colvin assumed control of the investigation, and this concluded my involvement in the case.

Narrative

On March 29, 2021 at approximately 1645 hours, I (Officer Harris #4855) along with FTO Dinapoli #4381 were working uniformed patrol for the City of Melbourne Police Department answering calls for service as Alpha 91. I responded to 404 S Harbor City Blvd, Melbourne, Brevard County, Florida in reference to a gunshot victim. Upon arrival, I entered the crime scene to assist medical personnel with life-saving measures. After my services were no longer needed, I located the victim's driver's license and confirmed his identification. Afterwards, I made contact with Marcia Bowling, who was a witness to the incident. I requested Bowling to complete a sworn written statement, in which she did. I also gathered a sworn written statement from the range master, Frederick Von Mach. I assisted Detective McKinney in gathering any information he needed. This concludes my involvement in this case.

Narrative

On Monday, March 29, 2021 I (Officer Harrison #3576) responded to Frog Bones Family Shooting Center located at 404 S Harbor City Blvd., Melbourne in reference to a gunshot victim. Upon my arrival, I located the male subjecting lying on the floor in the range area. The subject had a visible single gunshot wound to the head. Fire Rescue declared the subject was deceased at 1659. I started and maintained a crime scene long during the course of this investigation. Log was entered into records for the case packet. This concludes my involvement in this case.

Narrative

On Monday, March 29, 2021, I was contacted by the MPD Communications Center and requested to respond to 404 S Harbor City Blvd, FrogBones Family Shooting Center, in reference to a death investigation. I arrived on scene at approximately 1725 hours. Detective McKinney #2946 was also present on scene. The following observations were made and actions were performed. The portion of S Harbor City Blvd FrogBones Family Shooting Center is located on runs northwest and southeast. FrogBones is located to the southwest of S Harbor City Blvd and faces northeast. Upon arrival, Sgt Hession #3302 informed me there was a deceased male with a gunshot wound to the head located inside the pistol shooting range. I was informed FrogBones had surveillance video of the incident. I viewed the video on FrogBone's office desktop. In the video, I observed a white male arrive to shooting bay #1 with a handgun and ammunition. The male loaded numerous live rounds into the magazine and loaded the firearm. I then observed the male fire what appeared to be two shots down the shooting range, take a long pause, and then shoot himself in the right side of his head. FTO Blackmon #4242 provided the business a link to download the surveillance video to evidence.com. The decedent was identified as Jason Sawvel (W/M, DOB: 11/30/1974). Utilizing my Nikon digital camera, I took overall, mid-range, and close-up photographs of the scene to depict items of interest and spatial relationships. I entered the building through the northeast facing front door. The front northeast portion of the building contained the register counter, misc. items on shelves, and glass display cases holding firearms. The pistol shooting range was located on the southwest end of the building. I entered the pistol shooting range and observed a row of twelve shooting bays. Shooting bay #12 was the closet bay to the entrance, and shooting bay #1 was the furthest. On the southeast end of the room, at bay #1, I observed a deceased white male on the ground. The decedent was lying on his back. The upper portion of the decedent was towards the northeast and his lower portion was towards the southwest. The decedent's head was facing straight

up towards the ceiling. I observed what appeared to be an gunshot entry wound on the right side of the decedent's head and a gunshot exit wound on the left side of his head. The decedent's right arm was bent at the elbow and his right hand was resting on the right side of his chest. The decedent's left arm was extended out towards the southeast and there was a slight bend in his elbow. Both of the decedent's legs were straight and towards the southwest. The decedent was wearing a black t-shirt, red shorts with a brown belt, boxers, gray socks, and tan shoes. There was medical equipment on the decedent's chest and stomach and multiple pieces of clothing on the ground beneath his head. There was a large pool of possible blood on the ground near the decedent's head and smaller stains to the northeast of the decedent's head. I observed possible blood on the decedent's head, face, arms, hands, shirt, shorts, right calf, and right shoe. The Brevard County Medical Examiner's Office was notified of the deceased. Investigator Richard Reynolds responded to the scene to conduct the Medical Examiner's portion of the investigation. At approximately 1822 hours, a thermometer was utilized to take the temperature of the air and the decedent. The temperature of the air was 74.8 F. The temperature obtained from the decedent's right axilla was 93.6 F. In an attempt to obtain DNA, I utilized sterile water and three sterile cotton swabs. Swabs were taken from the decedent's neck, left hand, and right hand. The swabs were then sealed in individually marked manila envelopes and secured in my crime scene van. I observed purple discoloration on the decedent's lower back. When the discoloration on his lower back was pressed, the color blanched and did not return. To the southwest of the decedent, on the counter of bay #1, I observed a brown Sig Sauer 1911 45 caliber semi-automatic pistol (S/N: 54B157010). I was informed an employee had picked up the firearm from the ground, made it safe, and placed it on the counter after the incident occurred. On the ground near the decedent's feet, I located the magazine and thirteen live rounds. There were four live rounds in the magazine. The head stamp on the live rounds read "*45 AUTO*." Due to the incident occurring inside a shooting range, there were large amounts of various spent casings on the ground. I searched the area around the decedent and located two spent casings with a head stamp that read "*45 AUTO*." I marked the two casings with photo markers (PM) A and B. I photographed the casings in their original locations and then collected them in marked evidence envelopes. On the southeast wall, by bay #1, I observed what appeared to be a bullet hole in the wall. I observed possible blood and tissue on the wall surrounding the hole. Utilizing my Nikon digital camera, I took photographs of the hole with and without a scale. The firearm, magazine, and live rounds were collected in an evidence box. To the southwest of the decedent, I located a pair of safety glasses and a broken piece of noise cancelling headphones. The other piece of the noise cancelling headphones was located to the northeast of the decedent. I collected the safety glasses, noise cancelling headphone pieces, and the decedent's backpack containing his personal items. The evidence was secured in my crime scene van. I departed the scene and returned to CID. The evidence was secured in the lab. The photographs were uploaded to DoQ. On Tuesday, March 30, 2021, in the CID lab, I discovered numerous handwritten cards inside the decedent's backpack. One card was located inside of a book, The Lion King . Utilizing my Nikon digital camera, I took photographs of the hand written cards. The photographs were uploaded to DoQ. MPD Communications Officer Stevens #3978 entered the firearm as recovered in FCIC/NCIC. An ATF eTrace will be completed on the firearm. When the results are generated, they will be uploaded to FoQ as an eDoc. No further at this time.

Narrative

On Thursday, 1 April 2021, I, CSI B. Sousa (Property 14) received a request from Detective McKinney #2946 to obtain an extraction on a cellular device in reference to an investigation. CSI V. Hunt #4850 provided me with item #11, a LG model L355DL cellular phone with an International Mobile Equipment Identity (IMEI) of 356199112301304, device serial number 012VTDN0205130, and device cellular number of (321) 504-8376. The incident location was provided as 404 S. Harbor City Boulevard. Additionally, this case was pertaining to a death investigation and the owner of the phone was the decedent. It should be noted that the device was not passcode protected. On the same date, I transported the cellular device to 340 Gus Hipp Boulevard, Brevard County Sheriff's Office Digital Forensics Unit, to complete the extractions. At approximately 1152 hours, I connected the device to the UFED 4PC, version 7.42.0.82, and was able to obtain a file system extraction of data and an advance logical extraction of data from the device. The data was parsed with UFED Physical Analyzer, version 7.44.0.79, and a UFED Reader report was generated. The reports were placed on a USB flash drive. The cellular device and USB flash drive were placed in individually marked manila envelopes. They were transported and secured in the MPD CCID laboratory. The device was returned to CSI V. Hunt. The USB will be sealed and transported to the MPD Property room for storage/future use. The UFED Reader reports were placed on a USB flash drive which was provided to Detective McKinney. No further information at this time.

Narrative

On 3/29/2021, I, Detective McKinney 2946, responded to Frog Bones Family Shooting Center (404 S. Harbor City Blvd) reference a gunshot victim. Initial reports via 9-1-1 stated the gunshot was accidental in nature; however, officers arriving on scene found the victim shot in the head with no indications it was committed by a third party. I arrived on scene as Melbourne Fire Department was clearing the scene. I was informed the victim was not being transported due to the obvious cranial injury, visible brain matter, and profuse blood loss indicative of a contact gunshot to the head. Upon entering the store, I proceeded to the manager's officer area to view the security camera footage to ascertain if the victim acted alone or if there was another involved person(s). The video plainly shows the decedent, Jason Sawvel (identified by Florida ID card) enter the gun range and proceed to lane #1. He is alone in the shooting lane. There is a white male in an orange t-shirt who is seen in the shooting bay, but does not interact with the decedent. The decedent proceeds to load ammunition into the handgun magazine. After this, the magazine is inserted into the handgun and a round chambered. The decedent fires the handgun downrange twice in a manner typical of someone using the gun range as intended. Following the two downrange shots, the decedent holds the firearm in his right hand and rests it on the table in front of him. His head is down and his mouth appears to be moving in a speaking manner. His posture and mannerisms are consistent with a person in prayer. At 16:39:27 hours (time stamp on the Frog Bones video footage), the decedent places the muzzle of the handgun to the right side of his head and discharges the firearm. Explosive trauma to the decedent's head is observed and he collapses to the floor. Immediately after collapse, copious amounts of blood pool around the decedent's head and shoulders and he is motionless. The white male in an orange t-shirt (identified as Erik Paul Hoenle) comes over to the decedent and then runs towards the exit of the shooting bay. Corroborated from other witness statements, Hoenle was yelling for "Help!", and ran to get employees. Frog Bones employees come into the shooting bay and began rendering various forms of aid. The employees who entered the bay to render aid were: Jason Bergeron, Frederick Von Mach, Gabriel E. Muszynski, and Wendy Hulett. Hulett retrieved the handgun from the floor and removed the magazine and ejected a live round form the chamber. She then placed the handgun on the table in shooting lane #1. MPD officers arrive on scene in the shooting bay at 16:48:02. They perform an assessment of the decedent and remain in the shooting bay until MFD arrival at 16:49:55. The decedent was pronounced deceased at 16:59 hours. After video review, I entered the shooting bay to observe the scene. The decedent was supine in front of shooting lane #1. I observed a tan color handgun on the shooting lane table as it was observed in the video. I observed a perforating wound on the decedent's head. As had been observed in the video, the trauma was consistent. MPD CSI, Brianna Sousa and Valerie Hunt, documented the scene and collected relevant evidence (firearm, brass cartridge casings, other property of the decedent). They also collected the video evidence from Frog Bones management. I placed a phone call to the Brevard County Medical Examiner's Office and spoke with ME Reynolds (ME4). He responded to the scene to examine the decedent first-hand. He accepted the case and ME transport was summoned. They retrieved the decedent for transport to the Brevard County Medical Examiner's Office. On 3/30/2021, I returned a call to Helen Willet. Willet is employed with Family Allies as a Dependency Case Manager. She assists with all manner of proceedings involving civil matters of family court and child custody. She explained she had been working with the decedent in his attempts to gain

back some measure of custody of his two teenage children. The decedent's parents, Miles and Deborah Sawvel, are the guardians of the children. Willet explained that she is not a doctor, but suspected the decedent suffered from some form of schizophrenia. His behavior was similar to those she has known the past diagnosed with the disease. I provided Willet with my email contact information should she find is useful. I examined additional evidence that had been located by MPD CSI in the personal effects of the decedent: handwritten letters. There were seven individual letters in envelopes. They were all written on store-bought cards. One envelope was written to "Mary and Jenny", another "To My Wife Shelly", "Dad", "Daddy", "My Dear Jenny", "Grandpa God", and "Jason." In the letter to "Mary and Jenny" (dated 3/20/2021), Mary is never identified nor mentioned in context. Jenny, however, is mentioned as being the decedent's "wife". I have so far been unable to determine an identification for Jenny or any potential spousal relationship to the decedent. In the second letter, "To My Wife Shelly", Shelly is identified via the decedent's family as Michelle Norden. A public records search yielded a marriage certificate from October of 2005. The letter written to "Dad" (dated 3/23/2021) is written in the first-person from Jesus to God (hence, the Dad reference). In the letter, Jesus asks God to forgive Jason (decedent) and "have mercy" on him and bring him into heaven. Reference is made to Jason fulfilling a destiny. The upcoming Easter holiday is also referenced. The letter to "Grandpa God" is written as the decedent being the grandson of God. There is not context for who the decedent's father would be in this case. Previous letters to not reference Jesus as the decedent's father. This letter thanks God for bringing Jenny into his life and thanks God for, "giving me the opportunity to be such a big part of this rescue mission." The mission and its goals are not outlined in the letter. I made death notification to the decedent's father, Miles Sawvel, at 2683 Empire Avenue, Melbourne, Florida 32935. In totality of the evidence and first hand witness statements, Jason Sawvels's death was via self-inflicted gunshot. This case was accepted by the Brevard County Medical Examiner's Office. This case is closed with no criminal findings. A supplement report will be completed for the report received from the Brevard County Medical Examiner's Office.

Narrative

On 5/19/2021, The Medical Examiner's Report was received which included the associated postmortem toxicology report. The report was signed by an associate Medical Examiner. The cause of death was listed as a gunshot wound to the head. The manner of death was listed as a suicide. This is consistent with the evidence collected at the scene. The toxicology report was negative for any substances. No further.

Narrative

On Friday, December 8, 2023, I, Mercedys Kroom (ID #5071), Property and Evidence Technician, did return one Sig Sauer 1911 handgun with serial number 54B157010 to Ethan Sansoni-General Manager of FrogBones (02/27/1980). Prior to returning the firearm, a check of FDLE FES system was performed, resulting in approval, Control # 28999991. Additionally, I contacted K. Batten (ID# 5357) of the Communication Center, who removed the firearm from FCIC/NCIC. Upon returning the firearm, Ethan Sansoni was instructed that according to our policy, ammunition can be released to her on another day or destroyed for him. He chose destruction. This concludes my involvement in this case.
